Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 1/05/04 has been entered.

The amendment to abstract, specification and claims files 1/05/04 and 4/23/04 has been entered in the file.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 1/05/04 was filed, after the mailing date of the allowance, upon submitting an RCE on 1/05/04. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner, except the EP 0429 888 B1 which requires English translation.

Oath/Declaration

The oath/declaration filed 4/12/04 has been entered.

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth "the application serial number 09/016,399 written on the oath must be changed to read --10/016,399 --". The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of

Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

Priority

The foreign priority filed 1/05/04 has been entered in the file.

Claims 1-19 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The examiner respectfully submits that the specific techniques of converting virtually concatenated data streams into continuously concatenated data streams by providing containers which are allocated in each case to the same point in a multiframe that are identified by evaluation of the multiframe indicator, the time shift of these identified individual containers of the partial data stream with respect to each other is measured, in the event of a shift being present only leading containers are aligned with respect to time, and in each channel fill levels of buffer memories are compared with threshold values and in dependence thereon channel-individual stuff-indications are generated and stuffing operations are performed under considerations of the stuff-indications of all channels. These limitations were not shown by, would not have been obvious over, nor would have been fairly suggested by the prior art made of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frantz B. Jean whose telephone number is 703 305 3970. The examiner can normally be reached on 8:30-6:00 M-f.
